- Designed, implemented, and deployed **12+ iOS applications** with **100K+ daily active users**.
- Managed **6+ iOS teams**, offering performance **guidelines** and optimizations.
- Engaged in **Sprint Planning, Reviews, and Code Reviews** across **10+ projects**, actively gathering **user feedback** to enhance the overall user experience.
- Led a team of **18 iOS developers** while developing, deploying, and maintaining **15+ apps**.

Software Engineer (iOS) | Brain Station 23 PLC   *July 2015 – June 2019*

- Developed **top banking apps** including **City Touch**, **Unet**, and **AB Bank** in Bangladesh.
- **Maintained and improved** code structure for **6/7 apps**.
- **Led** lifecycle management for **5+ apps**, collaborating across teams from **concept to release**.
- Directed integration of **video editing** features for a **US client**, overseeing **6+ developers**.

❖ Technologies

- ◆ Swift, Objective-C, SwiftUI
- ◆ iOS development
- ◆ Technical Documentation
- ◆ Architecture Design
- ◆ Version Control
- ◆ Core Data
- ◆ System Analysis & Design
- ◆ Xcode
- ◆ UIKit

❖ Technical Skills

- ◆ iOS, iOS SDK
- ◆ App Deployment
- ◆ Version Control

- ◆ Agile Methodologies
- ◆ Core Animation
- ◆ Testing (XCTest, UITest)

- ◆ Continuous Integration
- ◆ Networking
- ◆ UI/UX Design

❖ Notable Professional Projects

- ➜ **Zalando** : It's one of the **largest e-commerce applications in Europe**.
  - ◆ It has more than **50 million** of active users in **25 countries** in Europe.
  - ◆ User can explore, **purchase products** from millions of products in different markets
- ➜ **OBHAI** : It's one of the **largest ride-sharing company in Bangladesh**.
  - ◆ Facilitate seamless **ride-sharing** and access to diverse services, including product **delivery**, through OBHAI's platform, serving over **3 million users** globally.
- ➜ **TEQ Driver** : Revolutionizing **bus automation** and vehicle tracking in **Norway** with real-time location-based monitoring, utilized by **30 bus companies**.
- ➜ **MyBL** : Banglalink, Bangladesh's second-largest telecom, serves over **500k+** daily active app users and **5 million+** total users, offering **100+ functionalities**, including recharge services.
- ➜ **Citytouch** : The **City Bank Limited's** user-centric **banking solution** prioritizes intuitive design and seamless functionality.
  - ◆ **Ranked #1** in Bangladesh, it's lauded for its top-notch digital **banking system**.
  - ◆ It has smart features like **QR transactions**, **cardless ATM**, and **Online DPS** to enhance user experience.
- ➜ **UCB Unet** : Another **top-rated online banking solution** from United Commercial Bank Limited, offering comprehensive banking functionalities with **over 300k users**.
- ➜ **Eleia** : A **USA financial app**, tracks transactions, **budgets**, and provides summaries. Leveraging Plaid and **SwiftUI**, it offers advanced functionality.

Other Projects : Pickaboo, AMEX BD, Southeast Bank, WiNiT, MITA, TakeMed- Online Doctors
Utility Projects : Giftize, Fonts App Keyboard & Themes, Media Converter, ThemeKit, VideoToLive, Widget Maker, Themes & Launcher, Contact Cleaner and many more
